

February Newsletter 2017

Activity to try at home

Learning how to recognize and create a pattern is an important preschool milestone. Help your child develop this skill by pointing out patterns that you see. An example, your daughter's tights are striped red and blue, so you ask your preschooler questions about the pattern. Attached to this newsletter is an AB pattern worksheet. Many of these can be found for free online and is a fun thing for your child to do outside of class. The one I've attached also helps with tracing and shape recognition. Happy patterning!

I can't believe how fast this year is going by! Before we know it the sunny weather and shorts will be here. We have squeezed so many fun activities into the first two months of 2017. We had terrific Pancake and Pajama days. Everyone looked so cute in their jammies:). Our Valentine celebrations were also fantastic! What kiddo doesn't love making valentines. We also have some fun events planned for the next few months as well as some more volunteer opportunities. Please check the box below for upcoming events.

Field Trip

It is our goal to get in at least one more field trip before the end of the year. We are hoping to add one to March which is why we won't have calendars ready until the 27th.

Kindergarten Readiness Conferences

Every year our teachers meet with parents of our Pre-K & 4/5's classes for a Kindergarten Readiness conference. We will start assessing kiddos when we get back from mid-winter break. We will send out a sign-up list for time slots as it gets a little closer. These conferences will take place on March 27th & 28th. There will be no regular school on these days.
