Activity to try at home

With the warm weather finally arriving this is a fun activity. Fill a bowl with water and small toys, dinos, legomen, etc. Freeze overnight. Place the block of frozen toys outside and let your kiddo figure out ways to "free" the toys.

Does breaking ice with a plastic hammer work? Does dripping warm water with an eye dropper or turkey baster work? Put their creative and scientific minds to work!

I can't believe that the end of the year picnic is almost here! We will be hosting the end of the year picnic here at Little Lambs on June 4th. We will be providing hotdogs and ice cream. A sign up list will be going out next week for everyone to contribute. We are hosting one picnic for all of our classes. More info to come next week.

A very special thank you to all of our parents for showering us with appreciation last week. It was wonderful!

Thanks for a wonderful year!!!

Miss Shannon

As we approach the end of this wonderful school year, there are a few things to keep in mind.

We are going outside everyday and with the sunny weather coming we would recommend applying sunscreen to your kiddos before coming to school.

VBS is coming! July 9th-13th from 9am to noon, and all of our Little Lambs are eligible to attend. It is a lot of fun! If you are interested you can get forms from Cindy.

Wonderful news!!! Miss Brittany's beautiful baby girl has arrived! Baby Ruby was born May 2nd and is just perfect. Mom and baby are doing well.

Little Lambs Preschool will be hiring for next year! We are saying goodbye to Miss Sue as she is finishing school and getting ready to work full time. So we are hiring a Lead Teacher for our 2's class. We are also hiring a new assistant in that class, as Miss Meghan is going to move into the 4/5's assistant position that Miss Brittany is vacating. If you or anyone you know may be interested please stop by Miss Shannon's office for a copy of the job description. I hope to have two highly qualified people in place by the end of June!
